STUDIED

Uganda Aviation Academy
Best student, 2024

ENTERPRISE

Founder & CEO, Elle Lip Care

FOUNDED

Fairfield Charity Foundation
Elle Cares Initiative

PLATFORM

Ending gender-based violence

CROWNED

20 September 2025
Sheraton Kampala

NEXT

Miss World, Vietnam
September 2026

Elle Trivia Muhoza is Miss Uganda 2025/2026. She also helped start the Fairfield Charity Foundation in 2019, and it has paid school fees for Ugandan children every term since.

By the time she was crowned in September 2025 the charity was six years old, with its own staff, its own budget and a list of schools it was already paying for. The title widened the audience for that work. It did not begin it.

BY THE NUMBERS

70+

children whose school fees
are paid every term

20,000

sanitary pads
distributed

11

schools on the
four programme

16

projects across
three channels

"I want to be a voice for the voiceless. When you empower a mother, you save a family. When you educate a child, you save a nation."

Before the crown

Elle grew up in Central Uganda. Her father came from Bukomansimbi and her mother from Lwengo. She graduated from the Uganda Aviation Academy as the best student of her 2024 class, with meritorious recognition from the International Air Transport Association, and founded Elle Lip Care, her own beauty brand.

Her charitable work started earlier and quietly. Through EMU — Empowering Mothers in Uganda — she supported teenage and single mothers, many of them survivors of sexual and gender-based violence. Seeing at close range what family instability and violence did to those households is what set the direction of everything since. In 2019, with Tracy Mutoni and Umar.A, she co-founded the Fairfield Charity Foundation.

Fairfield started paying school fees that same year. More than seventy children are on the programme now, across eleven schools, from nursery age through to secondary.

She was crowned at the Sheraton Kampala Hotel on 20 September 2025, taking over from Natasha Nyonyozi, and won five million Ugandan shillings from V&A Sherry to put towards a community project. She set up the Elle Cares Initiative the same night.

IN HER OWN WORDS

"A crown becomes meaningful when it serves people."

What she stands for

Elle's campaign is about violence against women in the home, and she argues it should be treated as a public problem rather than a private one.

Her case is that assaults have causes that sit further back: untreated trauma, drinking, debt, and women who have no income of their own and therefore nowhere to go. Waiting for the assault means arriving too late to change any of that.

The projects that follow do four things: prevent, support women it has already happened to, teach, and help women earn.

01 The woman

Somewhere to go, and a way to earn.

02 The man

Being held to account, and taught to argue without hitting.

03 Everyone else

Talking about it in public, so it stops being a private matter.

The two she built

Both of them run through the work that follows.

Fairfield Charity Foundation

Co-founded 2019 · Kampala

Started in 2019 with Tracy Mutoni and Umar.A. It works on education, health and community welfare, and it runs the school fees programme along with several of the projects in this profile.

Elle Cares Initiative

Founded 20 September 2025

Set up on the night of the crowning. It runs the Kasokoso Project, the Cut It Out campaign and the menstrual health trips, and is the vehicle for most of what she has done as titleholder.

The projects

All sixteen, with who worked on each.

PROJECT 01 · FAIRFIELD CHARITY FOUNDATION

The School Fees Programme

Continuous since 2019 · Eleven schools

Fairfield has paid school fees since 2019 for children whose families could not. More than seventy are on the programme now, across eleven schools, ranging from nursery age to secondary. Keeping the same children funded as they move up matters, because the jump from primary to secondary is where most Ugandan children drop out.

PARTNERS FOR THIS PROJECT

Nagayi Memorial ECDC · Zuhurah Education Centre · Kinaawa High School · Bilal Islamic Institute · Kakungulu Memorial · Life Care · Kakiri Noor Islamic · Good Day · St Janan · Nyamitanga Secondary · Musa Kindergarten

PROJECT 02 · FAIRFIELD CHARITY FOUNDATION

Child Wellbeing and Education Support

Ongoing · Uganda

Fairfield also runs feeding programmes, gives scholarships to students outside the fees list, provides mental health support, and repairs school buildings.

More of the work

PROJECT 03 · FAIRFIELD CHARITY FOUNDATION

Back to the Roots

Lwengo District

Lwengo is her mother's home district, and this is the work she took back there. Fairfield put up a classroom block at Malongu Primary School, and Elle worked on the walls herself before it opened, returning to cut the ribbon and unveil the plaque. The building is in use. Around it sits the rest of the work at the school: help for children at risk of leaving, meetings with families and local leaders, and sanitary pads and toiletries for the girls.

PARTNERS FOR THIS PROJECT

HSF International · Secret's Pad · Wandaz · Malongu Primary School

PROJECT 04 · FAIRFIELD CHARITY FOUNDATION

The Back-to-School Drive

Ongoing · Kyanja, Kampala

Books, uniforms and other term requirements handed out at the start of term, which is when families who cannot afford the list tend to keep their children at home. Done with the school and with parents rather than around them.

PARTNERS FOR THIS PROJECT

HSF International · Silo · Shaban Ssengendo's Team · Kyanja View Primary School

More of the work

PROJECT 05 · FAIRFIELD CHARITY FOUNDATION

Katanga Christmas Outreach

23 December 2025 · Kawempe, Kampala

Food, clothing, shoes, sanitary pads and household goods delivered to families in Katanga, one of Kampala's most crowded settlements, with a hot meal served on the day. Elle used the visit to ask other organisations to pay attention to settlements like it.

PARTNERS FOR THIS PROJECT

Faith Life Church

PROJECT 06 · FAIRFIELD CHARITY FOUNDATION

The Umoja Women's Run — Run for Shelter

14 February 2026 · Kampala

Foreign funding for shelters housing women who have left violent homes fell away and some began closing. The run raised money for them from the Ugandan public instead, on the argument that shelters here should not depend on budgets set elsewhere.

PARTNERS FOR THIS PROJECT

Community organisations · wellness and fitness advocates · public participants

More of the work

PROJECT 07 · ELLE CARES INITIATIVE

The Kasokoso Project

Ongoing · Kasokoso, Kampala

Her main project. Women who have been through violence at home are taught baking, wig making, hairdressing and makeup, and given business training to go with it. The aim is that each of them ends up earning independently, since money of her own is usually what decides whether a woman can leave and stay gone.

PROJECT 08 · ELLE CARES INITIATIVE

The Cut It Out Campaign

Ongoing · Schools and communities nationwide

Sessions in schools and communities about respect, consent, equality and what a healthy relationship looks like. Where Kasokoso works with women after the fact, this is the attempt to reach people before anything happens.

More of the work

PROJECT 09 · ELLE CARES INITIATIVE

Kabale and Rubanda Menstrual Health Mission

May 2026 · Western Uganda

The biggest field trip of the year, covering the villages of Rwemihanga, Kiruruma and Nyakihanda, with sessions based at Kahungye Primary School. More than 200 girls were given reusable sanitary pads here, part of some 20,000 pads distributed across the menstrual health work, and more attended talks on managing periods. Reusable pads were chosen because these villages cannot count on being able to buy more.

PARTNERS FOR THIS PROJECT

The Wells of Life · Kahungye Primary School

PROJECT 10 · ELLE CARES INITIATIVE

Mbikko Youth Sessions

29 April 2026 · Mbikko, Nakibizzi

A discussion with girls in Mbikko rather than a talk at them. They raised what they were dealing with: getting to school, what is expected of them at home and outside it. Elle and her team answered those specific points.

More of the work

PROJECT 11 · ELLE CARES INITIATIVE

Musomesa — The Teacher

In development · Digital, national reach

Musomesa means teacher in Luganda. It is a free online library that explains things in diagrams rather than long text, aimed at students, school leavers and people teaching themselves. Visual Strategy Maps and the Open Knowledge Atlas are up; a Micro App Studio and Opportunity Pathways are still being built.

More of the work

PROJECT 12 · MISS UGANDA 2025/2026

Countrywide School Tour

From October 2025 · Nationwide

School assemblies around the country, from Kampala to schools a long way off the main roads, on discipline and confidence, alongside a campaign about litter and recycling. The environmental part follows from the answer she gave on crowning night, when she was asked how she would get Ugandans to keep their cities clean.

PARTNERS FOR THIS PROJECT

Schools nationwide

PROJECT 13 · MISS UGANDA 2025/2026

Cleanette Uganda

November 2025 · Hotel Africana, Kampala

Uganda's first sanitary pad dispensing machines. A woman or girl can buy a single pad or several, depending on what she has on her that day, rather than having to find the price of a whole packet. The machines need no electricity, so they work in rural schools and health centres as well as in offices and bus parks.

PARTNERS FOR THIS PROJECT

Falz Limited

More of the work

PROJECT 14 · MISS UGANDA 2025/2026

8th National Girls Summit

December 2025 · National

Elle took part in the national summit, held under the theme The Cost of Inaction, speaking against child marriage and teenage pregnancy alongside government figures, campaigners and youth activists.

PARTNERS FOR THIS PROJECT

8th National Girls Summit

PROJECT 15 · MISS UGANDA 2025/2026

Clean and Green Streets, and No-Litter Day

3 March 2026 · Downtown Kampala

Street sweeping, rubbish clearing, tree planting and new grass along Nasser Road and Luwum Street in downtown Kampala, run with KCCA and city residents as part of the authority's No-Litter Day drives.

PARTNERS FOR THIS PROJECT

Kampala Capital City Authority · city leaders, volunteers and residents

Up close

Working on the walls of a classroom block before it opened.

Carrying a parcel over to someone who could not reach the queue.

Signing autographs long after the assembly finished.

Handing out reusable pads to a crowd of schoolgirls.

Starting a local match as guest of honour.

The year, in passing

Greeting elders at a community gathering.

Holding the initiative's notebook at a community event.

Dressed for a formal evening.

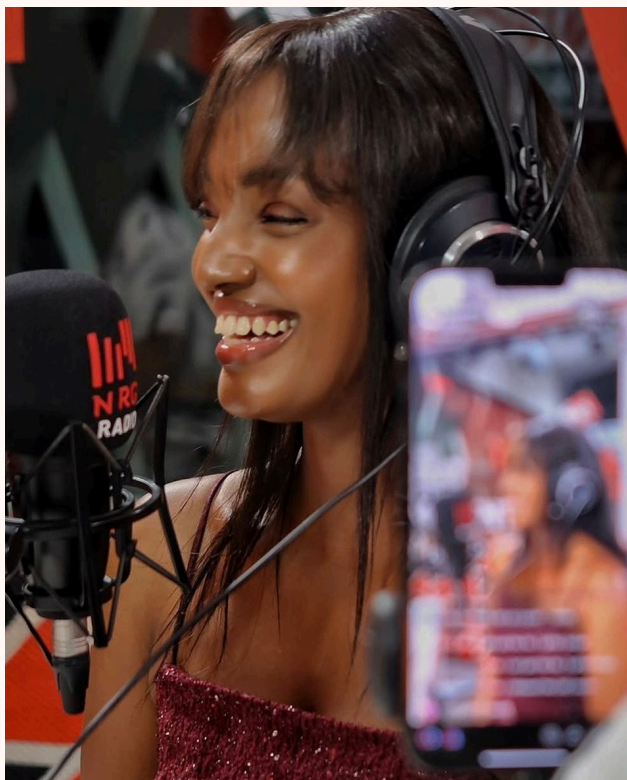

On stage, mid-appearance.

Waving on the road out of town.

When she has the room

Much of the year has been spent talking: radio and television interviews, the National Girls Summit, school assemblies, and community meetings in the places the projects run.

She makes the same three points wherever she is. Violence at home concerns everyone. A woman with no money of her own has no way to leave. And prevention is cheaper than the alternative.

BROADCAST

Radio and television interviews through the year.

NATIONAL PLATFORM

8th National Girls Summit — The Cost of Inaction.

MISS WORLD

The organisation has covered the projects as they happened.

SCHOOLS

Assemblies around the country since October 2025.

08 · SEPTEMBER 2026

Next stop: Vietnam

Elle represents Uganda at the 73rd Miss World Festival in September. She arrives with a charity that is older than her reign, sixteen projects on the record, work in districts from Kampala to Kabale, and partners who can confirm all of it.

Most of what she will be asked about in Vietnam has already happened.
“I won’t disappoint when I take to the global stage.”

ELLE TRIVIA MUHOZA
